Smart App**

All Linear® Smart Garage Door Operators comply with California SB-969 regulations.

# LDCO 841 Smart Garage Door Operator

## Simplicity, Security, and Style – and Smart.

Our new smart garage door operator is not only visually appealing with its new modern, sleek design but is backed by the brain power of our advanced smart GDO technology.

### Ultra-Smooth and Quiet

Industry leading performance with variable speed operation, soft start/stop, and ultra quiet motor.

### Integrated Battery Backup - sold separately

Compliant with California state regulations.

### Energy-Efficient LED Lighting

Long life, dimmable LED light panel included.

### Secure. Responsive Remote Control

Linear® MegaCode remote controls operate over long range and employ high-security technology.

### Easy Door Release

Release the operator's quick-disconnect trolley to open or close the garage door manually.

### Self-Diagnostic System

The self-diagnostic system continually checks and confirms proper operation, and alerts users both audibly and flashing the lights. In the unlikely event of a problem, it pinpoints the trouble and alerts users by flashing the courtesy lights.

### Linear Smart App

Advanced real-time monitoring and control of garage doors from any mobile device.\* Assign custom access and permissions for up to 10 authorized users, and schedule door and light operation.

*\*Wi-Fi and internet connection required.*

### LDCO 841 Includes

- One MTS3 3-Button MegaCode Remote
- Wi-Fi Multi-Function Wall Control Station
- Obstacle-Sensing Safety Beams

### Compatible with
